RE: Names and Information Regarding Expert Witnesses

Dear Director:

I am an inmate at SECC Prison and am currently defending myself,  
Pro se, on charges of AB-DW.

In order to present a complete defense I need expert witnesses to  
testify as to the authenticity of photographs of alleged injuries,  
an expert to review police 911 and turret tapes for tampering, and  
a physician to testify about the injuries of both myself and the  
alleged victim.

It is my understanding from Mass. Criminal Practice that you have  
booklet or information compiling a list of such experts, "The  
Forensic Resources List".

Please send me that list and any other information will be a great help.

I am enclosing \$6.00 for the "Forensic Resources List" as priced per Mass. Criminal Practice.

Thank you.
