Attorney James A. McLaughlin:

Here's more Law 101 in addition to what I sent you last night, 7-6-17.

I have already made quite clear that I am exercising my 6th Amendment Rights under the U.S. Constitution's Bill of Rights to Represent Myself regarding my inheritance via the Estate of June Elbery. I have already documented my self - representation regarding all activities surrounding my inheritance and all activities of the Estate of June Elbery.

You cannot be my legal representation because you are NOT INDEPENDENT because I caught you stealing from the Probated Estate of June Elbery and committing Fraud on that same Estate and published those illegalities to the World Free Internet; this all causes you bias and conflict of interest against me. What specifically is the Conflict of Interest? You, McLaughlin, are Stealing from me and I won't let you!

In short McLaughlin, you are Disqualified as a Matter of Law from representing me.

All the legal work I have done surrounding the Estate of June Elbery has benefited all the heirs, so that the inheritance is shared 1/5 equally.

You have been successful working behind my back bribing the other heirs, but you haven't told them that the combination of your "Deed of Distribution" and the signed LCP-2 will give you control over the Real Estate at 168 Fairfield St., Needham, Mass.. Just like you were trying to do when you "put your foot in the door" at the last minute of our house sale in April demanding that we sign your "Assent Form" so that you could get your "License to Sell Real Estate". The time has long expired for you to be issued a "License to Sell Real Estate" by the Norfolk County Probate Court. Now, your last chance to "take" our Real Estate at 168 Fairfield St., Needham, Mass. and steal a big piece of the action is a signed by all heirs that LCP-2 Form.

You, McLaughlin, are at a desperate point. You want those LCP-2 forms signed, now, because soon you will be forced by the heirs to Close the Estate of June Elbery and Distribute the remaining Cash that you have been stealing. Once the Estate is Closed by the Probate Court you don't exist and have no legal avenue to highjack for your stealing our Real Estate at 168 Fairfield St., Needham, Mass.

Michael Elbery, 7-7-17
