Greetings:

And a Special Hello to you McLaughlin,

Well, McLaughlin has used his illegal payments to the heirs of June Elbery and bribes to organize them for his cause. He's stealing more from you than he is giving you in graft which will all be returned to the Estate Cash.

Now here is the "fact" that you don't know.

Attorney James A. McLaughlin got caught lying again! There is no filing with the Land Court by McLaughlin for a New Title Certificate, as per McLaughlin's email of July 7, 2017.

Further, per that same McLaughlin email of 7-7-17, there is no "Amended First Probate Account" filed with the Norfolk County Probate Court on June 5, 2017 or any other time, See the Docket entries, yourself. This Crook, McLaughlin's, stealing from Estates in the past must have been too easy, this guy is a simpleton. I am in process of filing a Complaint with the Mass. B.B.O. so to have McLaughlin further investigated about his other Court Appointed Estate illegalities and have him disbarred for Fraud and Stealing.

I have also contacted the Boston Newspapers alerting them to the outrageous story of Attorney James A. McLaughlin and the Elberries. I gave the newspapers an overview and directed them to www.massinjustice.org for all the details, facts, and evidence. I am hoping they will be at the next hearing of the Estate of June Elbery at Norfolk County Probate Court.

Oh, Attorney billy "bang - bang" Crowe is out there looking to make more fees off the Elberries via a "Petition for Partition".

I would advise all the heirs of June Elbery to get your "original signed LCP-2 Form" back from McLaughlin.

This crook, Attorney James A. McLaughlin, does not even talk to me, yet he thinks he is going to force me to have him represent me??!! Just another example of how bad the Mass. Courts (Judicial system) and the Mass. Bar have got.
