I had just looked out the window of the radio room facing Main St and watched the Presidential parade pass and as it turned the corner onto Record I looked over in that direction but was unable to see any of the vehicles from my location and about that time I heard three loud reports evenly spaced which I presumed to be rifle or shotgun blast. I looked at the time on the radio panel and it was about 40 seconds after 12:50pm as I was calling Dallas PD on the hot line and I asked the operator that answered if anything had been reported and she said no I told her that I heard what I believed to be three shots and she thought I was kidding. At that time all the traffic officers at the intersection of Main and Record started running and some were on their motorcycles with red light and siren wide open headed in the direction of the railroad area north of Elm St. About that time DPD called advised that the President had definitely been hit condition unknown and was enroute to Parkland and the hospital had been advised to stand by.

Then DPD advised that Mr. Decker said to send every available deputy to the area of the railroad track SS North of Elm St. To my knowledge everyone but Mr. Craus, Mr. Damon and myself went to the area to assist in the search for the suspected assassin. Squads 20, 25, 26 and various civil and constable units were in route also when Mr. Player advised that he was at the location and that there were sufficient officers at the location and the other units were not believed to be needed at that time. All units were advised to stay in their cars for emergency traffic also there were a large number of reserve units on the air standing by. Mr. Ferguson came into the radio room and was assisting with traffic Dallas PD advised that one of their men had been shot in the vicinity of Buckley and 10th Sts., Squads 24, 26, 25 and various other units proceeded to the location where it was reported that the suspect was believed to be in the Library at that location. Then it was reported that he was in the Texas Theatre on Jefferson, they also advised that Officer Tippen was dead.

Secret Service Unit 437 was desiring to know the location of Mr. Lyndon Johnson after several calls located Mr. Johnson at Love Field in Air Force
