ORDER

January 7, 1999

Saris, U.S.D.J.

Defendant has filed a motion to require the plaintiff to seek approval of the Court before filing further civil actions, which plaintiff opposes. So far plaintiff has filed five pro se lawsuits against the Shrewsbury Police Department, two of which name Bradford N. Louison as a defendant.

I order Michael Elbery not to file any additional lawsuits against the Shrewsbury Police Department, its members, Bradford Louison, or any of the attorneys who have filed an appearance in these suits without obtaining advance court approval. Defense counsel may file a motion to deem any such case as "related."
